THE CORE

The Forté door is available with a choice of two high performance cores and locking mechanisms. Our PU foam-filled core is built with maximum thermal efficiency in mind. Or, for added strength and security you have the option to upgrade to our Forté Solid Core for ultimate peace of mind.

STANDARD CORE

Specifically designed for the UK market, our standard PU foam-filled composite core delivers outstanding thermal performance to help prevent heat from escaping your home. It also features an LVL (Laminated Veneer Lumber) subframe for extra strength and rigidity.

EXTREME SOLID CORE UPGRADE

Upgrade your door to our ultimate Forté Solid Core for added security. Combined with our Extreme locking system, our core has been tested to meet the standards of the police-recognised 'Secure by Design' standard.

The Forté Solid Core is made up of a PIR foam core that is fitted with horizontal timber plinths then housed between two slim aluminium sheets and exterior grade plywood for a robust structure. It is then wrapped in an extra-resilient 4mm GRP skin.

Secured by Design

Police Preferred Specification

Manufactured by the licence holder
Conservatory Outlet Ltd

1 PIR Foam

Providing excellent thermal capabilities, far exceeding XPS foam as commonly used.

2 HDF Plywood

This high-density product exceeds that of plywood providing brilliant rigidity and strength throughout.

3 Aluminium Sheet

This is a vital layer within the door construction, it adds stability to the door but also protects against moisture infiltration.

4 Exterior Grade Plywood

Additional sheet for door support under the GRP skin.

5 GRP Skin

The GRP skins are pressed onto the core with a unique method to ensure flawless correlation with the core.

DOOR STYLES

There's a door for everyone. Choose your ideal door design from our three distinct ranges, Traditional, Contemporary and Designer. Whether you want a classic door that replicates the look of timber doors or a modern one with continental influences, you'll find your perfect door in our Forte collection.

MATCHING FRAME COLOUR

We offer a matching door and door frame on selected colours. **Just ask one of our friendly designers for guidance, we will be more than happy to assist.**

Door colours shown in this brochure should be used for guidance only. We have made every effort to match the colour and stain you see in the brochure so it's as close as possible to our paint when applied to the doors. Due to the nature of the product it is applied to, there is sometimes a difference between them which we cannot avoid. The colour, intensity and sheen level may differ from the paper print version and we do not accept any liability for this.

CHOOSE YOUR FINISH

TRADITIONAL

A panelled design with traditional woodgrain detailing.

FARMHOUSE

A grained finish is enhanced by linear etching for a classic look.

FLUSH

A flush slab design with a textured woodgrain finish.

MONZA II

A modern woodgrained slab finished with horizontal etching.

LINKS

An uber-contemporary non-grained finish that's designed to look like aluminium.

OUR CASSETTE SYSTEM

FLAT STIPPLE

With a square profile and a smooth, stippled finish, the Flat Stipple is a sleek, contemporary and eye-catching cassette.

STANDARD

Featuring a moulded cassette and a textured woodgrain finish, the Standard cassette is perfectly paired with a traditional door design.

FLAT GRAINED

The Flat Grained cassette combines a classic woodgrain finish with a modern design. Ideal for contemporary and Monza doors.

INOX CASSETTES

Influenced by cutting-edge European design, the Inox is a flat, stainless steel cassette that makes your door stand out from the crowd. Seamlessly designed for the Monza and Links doors.

Antique Black

BLACK IS THE NEW BLACK

Both bold and beautiful, our brand-new range of black hardware consists of contemporary pull bar handles, escutcheons and letterboxes.

Matt Black

SECURITY

All Forté doors come as standard with our impressive multipoint locking system which protects against break-ins. It features patented technology that works to provide a perfect seal and reduces heat loss.

EXTREME LOCKING UPGRADE

Our Extreme instant auto-engage locking system can be fitted as an upgrade. Rollers housed within the lock guide the extra-secure 20mm locking bolts into place and form the perfect seal, even if the door isn't fully closed. The result, impenetrable security and keeps your door firmly in place to prevent movement and warping.

LET'S GET GOING

1

SURVEY

Our surveying team will visit your home to take measurements, clarify details and ensure your design is suitable before any work commences. Any changes can be discussed at this stage.

2

FITTING

We'll manage all the various tradespeople involved in your project from start to finish so you can relax in the knowledge the full journey is mapped out for you in advance.

3

AFTERCARE

Once your products have been fully installed, your journey doesn't end there. Our dedicated team of aftercare specialists will look after you and your products for as long as they remain yours.
